

# 2011 ASHA High Point Award Winners

Compiled by Susan F. Harris

*The ASHA High Point Awards Program was initiated in 2011 after considerable thought and effort by the Charter Club Council, comprised of volunteers from across the country who represent a broad spectrum of equestrian disciplines.*

*The High Point Awards Program recognizes competition achievement by registered Saddlebreds and Half-Saddlebreds in a wide range of categories and disciplines, at all levels, not only in the "traditional" Saddlebred show ring, but also in open breed competition (such as open English pleasure, etc.) and international (or sport horse) disciplines.*

*The highest placing qualified horse owned by an active ASHA member in each category is named High Point champion. The program awards High Point winners in ten regions and Europe as well as overall national winners. The specific categories*

*recognized in each region vary depending on regional availability and participation.*

*The program year runs from December 1 to November 30. Competitions are segregated into three categories based on length (1-day, 2-day, 3-day or longer) with points assigned on a sliding scale (e.g. there is a multiplier for points from 2-day and 3-day competitions). Scoring is done separately for sport horse disciplines. There is no enrollment required for the program. Every horse that has competition results entered into the ASHA database (or submitted separately to the ASHA) is automatically eligible for consideration as long as its owner is an active ASHA member (or member of an ASHA-recognized international Saddlebred association).*

*The full rules and program guidelines can be found at [www.asha.net/ASHA-High-Point-Awards-Program](http://www.asha.net/ASHA-High-Point-Awards-Program).*

## Following are the 2011 ASHA High Point Award Winners among registered Saddlebreds. Categories/regions that do not have an eligible horse are omitted.

### **FIVE-GAITED OPEN**
