## KASPHA Community Involvement Sign Off Sheet

We ask that all applicants for any KASPHA scholarship show their commitment to community involvement by volunteering within their local community. We recognize that community service or volunteerism looks and means different things to each individual, therefore we are not requiring that the involvement be for a specific cause or organization. We are leaving how each individual fulfills this requirement up to their discretion. We only ask that the efforts be used to benefit a cause, organization, or other group local to the state of Kentucky.
