

ASHBA HOME FOR LIFE NETWORK RECORDING FORM

The American Saddlebred Horse and Breeders Association has launched the Home for Life Network. The program, formerly known as the My Meadows program, encourages members to volunteer to provide a “safety net” for horses they bred or own/owned. This free program allows anyone who is either the breeder or a previous or current owner of registered American Saddlebreds and Half Saddlebreds to record their name and contact information with the American Saddlebred Horse and Breeders Association. If a horse ever becomes unwanted, the individual with custody of the horse may visit the horse’s page on the ASHBA website, by searching registered American Saddlebreds and/or Half Saddlebreds, to see if Home for Life Network enrollment has been indicated.

1. HORSE INFORMATION

Registered Name of Horse: _____

American Saddlebred

Half Saddlebred

Registration Number: _____

2. CONTACT INFORMATION

Printed Name: _____

Signature: _____

Date: _____

Address: _____

City, State: _____

Zip Code: _____
